## Work experience

### Assistant Secretary

Bangladesh Students' Association in Turkey Turkey / Since 2022

- As a recognized student organization, BASAT plans and coordinates a variety of programs and activities to enhance international understanding and friendship. Our mission is to promote international understanding and cultural awareness between Bangladesh and Turkey.

### Founder, Chief Advisor & Founding Vice President

SBSC - Symmetric BAFSK Science Club Dhaka, Bangladesh / Since 2017

- SBSC is moving forward with a mission to encourage youth for learning science through practical works and to give students the magical experience of science and its branches. We organise lectures, seminars, symposium etc and hold science exhibitions and fairs.

### Vice President

NASC - Neutrino ACC Science Club Dhaka, Bangladesh / From 2018 to 2020

- NASC is working to bring out the young scientists and to motivate students to contribute in national affairs. We try to pretend the scientific outlook of the junior students, develop creativity and encourage the habit of exploration.

### Ambassador

Bangladesh Scientific Intelligence Forum Bangladesh / Since 2017

- We provide better resources and experimental facilities and motivate students with the right tools for better creativity. We also conduct seminars, workshops and conferences and provide both theoretical and practical experiences.
